

Nov 19, 2024 | Sprint 4

Attendees: Ayra Qutub Akhil Sunil Aditi Padhi Ayesha Aamer Francis Garcia

Feedback/Updates

- **TA Feedback**
 - Osmdroid for Geolocation (Free)
 - <https://github.com/osmdroid/osmdroid> **How to use the osmdroid library (Java)**
 - <https://github.com/osmdroid/osmdroid/wiki>
 - [https://github.com/osmdroid/osmdroid/wiki/How-to-use-the-osmdroid-library-\(Java\)](https://github.com/osmdroid/osmdroid/wiki/How-to-use-the-osmdroid-library-(Java))
 - Android ID
 - "The value may change if a factory reset is performed on the device or if an APK signing key changes."
 - https://developer.android.com/reference/android/provider/Settings.Secure#ANDROID_ID
 - <https://www.geeksforgeeks.org/how-to-fetch-device-id-in-android-programmatically/>
 - More Group Work, work sessions, daily checkins
- **General Updates:**
 - Work blocks on tuesday and thursday
 - Started working on refactoring code and new user stories

User Stories for This Week

<https://github.com/orgs/CMPUT301F24quartz/projects/1>

Action Items

- **Work as a team!**
 - Less individual work and communicate more with the group
- **Start with geolocation user stories and deviceId stuff**
 - Help from Dylan (TA)
